Amazon.com: yamaha vstar grips

The vstar 650 is an all around great bike. There are plenty of accessories. And they pretty much haven't changed the design since 1998, so plenty of new & used parts, and will be for a long time. Also, you can usually find a good used one for dang cheap. Get a 650 vstar, ride it like it was meant to be ridden, and you won't be disappointed.
