A Universal History Of The

A universal history is a work aiming at the presentation of a history of all of mankind as a whole, coherent unit. A universal chronicle or world chronicle typically traces history from the beginning of written information about the past up to the present. Therefore, any work classed as such purportedly attempts to embrace the events of all times and nations in so far as scientific treatment of them is possible. Universal history in the Western tradition is commonly divided into three parts, viz
