### Aging Death And Human Longevity

Dr. Christine Overall, a noted Canadian feminist philosopher, has written a compelling philosophical inquiry into aging, death and human longevity. At the end of her book by the same title, she concludes that other things being equal, a long human life is a better life and that social policies which promote the equal extension of human life to all populations are amply justified.

### Aging, Death, and Human Longevity: A Philosophical Inquiry ...

A paradox of living is that healthy aging and increased longevity mean you'll have more experiences with death throughout your life. As we age, so too do the people around us. Over time, many of the people that we know and care about will develop chronic or terminal illnesses. Some of them will die during our lifetimes.
