In a previous article, I wrote about the history and background of geocentrism. In this article, I continue with the rise of the modern geocentric movement in the late 20th century. The modern geocentric theory movement seems appears to have begun with Walter van der Kamp (1913–1998). It's not clear when van der Kamp became convinced of geocentrism, but in 1967 he circulated a paper on the ...
