economies of scale, transactions-cost economics, oligopoly theory, entry, commitment, incentives for innovation, and agency.

### **Economics of Strategy - 6th edition**

In The Third Pillar, Rajan again chides the economics field for neglecting something important — and courting trouble in the process. The Third Pillar's novelty begins with the title itself, which grants community a meaningful role in modern life in a way that is the norm in fields such as sociology but utterly alien in economics. The book is framed, unsurprisingly, around the worrying rise ...
