With plenty of beautiful images, each chapter by a different author paints a picture of a unique period in food history. We begin with hunter-gatherers; proceed through geographically-specific historical foodways accounts of ancient Greece, Rome, China and the Middle East, focusing more so on the cuisines of Europe from the Middle Ages through the 19th Century; and end with discussions of ...

Food: The History of Taste by Paul Freedman

"While it may be true that chacun à son gout, Food: The History of Taste shows us that, since Homer, the foods we eat have reflected our culture's most closely held values and understanding of our place in the world. This book reminds us that taste is an essential part of civilization, and that it is something worth protecting from the homogenizing force of the modern, global food supply."

J M Barrie. 3.0 out of 5 stars Food: The History of Taste. Reviewed in the United Kingdom on 10 February 2009. A collection of interesting and informative essays on the history of eating from prehistoric through to modern times. The approach is scholarly, but still accessible for the general reader.

Food: The History of Taste: Amazon.co.uk: Paul Freedman ...

Fresh food was a luxury in the Middle Ages, and although wine, oil, and grain were the gods' most cherished gifts to Greeks, cheese and salt were rare. In Imperial China, the choice of food was both practical and symbolic. Although not quite one of the Seven Deadly Sins, excessive eating was strongly discouraged in moral literature and practice.
