My Life And Work Illustrated

My 15-year-old son read this book for freshman year History class (home school). This is his review: "The title of this book, My Life and Work, would be better titled, My Work and Ideals. There is very little in this book about Ford himself. If you're looking for a book about events in Henry Ford's life, look somewhere else.

Here's how. Use a program that calculates the future value of a stream of payments to compute the compound payment value if the client pays the policy premiums into an investment fund yielding 5% from now until the end of the life expectancy used in the illustration. This value should be at least 80% of the illustration's death benefit.
