Typhon, in Greek mythology, youngest son of Gaea (Earth) and Tartarus (of the nether world). He was described as a grisly monster with a hundred dragons' heads who was conquered and cast into the underworld by Zeus. In other accounts, he was confined in various volcanic regions, where he was the cause of eruptions.

### Typhon | Mythology & Facts | Britannica

"I am ordering for three other people besides myself" the woman stated, her voice unintentionally authoritative, like she was used to giving orders. It also was deep for woman, not unattractively deep, just deep for a woman adding to the authoritative vibe she had.

### Typhoon dictionary definition | typhoon defined

North Korea is a communist state and the communist ideology was anti-national from the moment of its inception. The famous communist slogan “Workers of the world, unite!” asserted just that – that people should be united by their class, in a Marxist definition of the word – rather than by nationality or ethnicity. In other [...]
